Everyone in the Fire Service is saying the same thing throughout the country; "we have to do more with less". Just because you may pay less doesn't mean you should get less.

Shakerley Fire Truck Sales is offering Pre-Engineered units built with the most popular options and the same "Toyne Tailored" quality you have come to expect.

These are not bare bones stock or demo units. These units are built for each customer with top of the line options, options we at Shakerley Fire Trucks put on our own vehicles; the "Shakerley Standard"

At Shakerley Fire Truck Sales we believe that every unit purchased and delivered should be battle ready to the "Shakerley Standard". Make the "Shakerley Standard" you standard.
